

After School Math Enrichment 1st -7th Grade

The purpose of our afterschool program is to help children improve their knowledge of math. A qualified math teacher helps scholars complete their homework and practice the concepts they're being taught in class, we also provide advanced instruction to those ready to be challenged!

Our Approach

Our approach focuses on teaching process and structure using methods and materials appropriate to the scholar. This is commonly referred to as the "Singapore Method". Students taught using this method are the top performers on international testing. I.V. Math offers small group instruction (**4 students per session**) which allows for individualized instruction.

When & Where?

Monday-Friday: register your child for one or two days a week of after school math instruction. **1st - 7th grade, sessions are closed as they fill.**

Monday, Tuesday, Thursday, Friday

1st session 3:05-3:55

2nd session 4:00-4:50

3rd session 5:00-5:50

Wednesday (1:20 release)

1st session 1:35-2:25

2nd session 2:30-3:20

3rd session 3:30-4:20

Our program takes place at the **Archway East campus**. All materials are provided. Classes are 50 minutes, 2 days a week for \$85 per month or 1 day a week for \$65 per month (if your child is struggling we recommend 2X a week). **Classes will start Tuesday September 11th.** *The schedule is altered based on enrollment.* **To register please contact us at mathenrichment@mychildsiv.com**
